Benvolio	Juliet is trying to say that her love is someone who her family hates and is her enemy. It is too early for her to love him and doesn't want to love him when it is too late.	None of the Above	It is significant because Friar Lawrence is telling Romeo that people who take things slow are wiser and if they go to fast, usually the marriage or the love falls apart. This is also kind of foreshadowing events.	to find out the plan for Romeo and Juliet's marriage	Juliet gets frustrated with the Nurse because she is in pain and she is tired and the Nurse is insisting on talking to Juliet about her marriage when she is hurting and very tired. She gets upset with the Nurse because she won't stop talking to her.	This speech foreshadows and/or highlights the play's message (s) because everyone knows that Juliet dies, so when he says that the violent delights have violent ends shows foreshadowing to when Juliet dies. Then Friar says to love moderately with Juliet. And he also says that these things arrive very quickly and they will leave if you are to slow to make things happen.	8.5/13
18	Prince	Romeo is gloomy in the beginning of act one because a girl he likes, named Rosaline does not like him back in return.	Capulet	Juliet	This character means that they will look to like someone, if the two words swap and they are saying I like someone so I will look at them.	Here Romeo is saying at the party that something there will make him die and face very bad consequences. Therefore he foreshadows the future by saying that.	9.5/13

11	Prince	Romeo appears to be gloomy at the beginning of Act 1 because Rosaline, the girl he loves, does not love him back. This makes him very depressed.	Capulet	Juliet	What Juliet means by, "I'll look to like if looking liking move." is that she'll look at Paris and will try to find something she'll like about him. This is because her parents want her to marry him.	What Romeo means by, "I fear too early, for my mind misgives/ Some consequence hanging in the stars/ Shall bitterly begin his fearful date, is that Romeo has hope that Rosaline will love him, despite what Mercutio tells him about dreams and how they are fake.	Capulet says this to Tybalt	the moon	What Juliet means by, "my only love sprung from my only hate! Too early seen unknown, and known too late!", in Act 1, Scene 5, is that the person she loves is also the enemy. Romeo is a Montague, while Juliet is a Capulet. They cannot love each other, because of their family feud. She also saying that she should have known Romeo was a Montague earlier so this wouldn't have happened.	The significance about Friar Lawrence's line, "go wisely and slow. They stumble that run fast." He is telling Romeo not to rush with Juliet because those who go to fast always mess up and something bad happens. Romeo always falls in love fast, and this is almost foreshadowing his fate.	to find out the plan for Romeo and Juliet's marriage	In Act 2, Scene 5, Juliet gets frustrated with the Nurse is that because she takes really long to deliver the message to Romeo, and Juliet is very impatient. When she finally gets back, Juliet is frustrated because the Nurse is winded and can barley get the words out.	The significance about Friar Lawrence's speech to Romeo and Juliet is that he is telling them to not love "violently" or to quickly and rough. He is telling them to take it at a more slower pace. If you love to violently and quickly the end will be just the same. This is foreshadowing the tragedy of their romance, and it also teaches a lesson to take this things slow and not rush with love.	12/13
19	Prince	He appears gloomy because he loves this girl, Rosaline, but she doesn't love him back. Making him sad and gloomy at the beginning of Act 1.	Capulet	Juliet	What Juliet means is she'll look at him and see if she likes him, if it's worth it. In this statement, the person she's talking about whom she'll look at is Paris. So, she is saying, I'll look at Paris, but only if he's worth a look.	I fear that some bad things shall begin this feast/ party.	Tybalt to Romeo at the party.	None of the Above	At this point, she's just meet Romeo and Nurse comes backs and says he's a Montague. So what she means by, "My only love sprung from my only hate," is the one person she loves, happens to be part of a family she hates. And the final part, "Too early seen unknown, and known too late," is that Romeo wasn't seen as anything bad at the beginning, but when she knew who he was it was too late.	It shows how fast things (like Romeo's and Juliet's marriage) stumble (fall/ end negatively). So he's foreshadowing their death, their marriage being to quick made them stumble (and, in this case, causing them to die).	None of the Above	She gets frustrated with Nurse because Nurse is acting slowly and is "catching her breath" at the time. Juliet asks for what he says, and she asks for a minute to rest. She is also late returning back with Peter.	It foreshadows their death. This is because their marriage/ "violent delights", will end horribly/ "have violent ends". Also, their marriage was so quick/ "to swift", which might lead to negative things/ "arrives as tardy as too slow."	10/13

17	Prince	Romeo is gloomy at the beginning of Act one because Rosaline doesn't love him back.	Capulet	Juliet	That means that Juliet won't look to like someone unless she actually likes them. Basically Juliet isn't going to try to find someone to like but if she sees someone she does like she will go and like them.	Romeo fears that marrying Juliet is bad and that their can be consequences, and now he is about to begin his risky path with Juliet the Capulet.	Juliet says it to Romeo	a glove	Juliet is saying that the only person she loves, Romeo, is from the only family her family hates the Montague's. Also she is saying if she knew Romeo was a Montague she wouldn't of talked to him. But since she learned after she and Romeo talked it is too late to turn back.	This is significant because it foreshadows what will happen. It is saying if Romeo and Juliet go to fast they will fall and it won't be good. But if they take their time they will be more wise and end out just fine. This line is also foreshadowing what will happen to Romeo and Juliet.	to find out the plan for Romeo and Juliet's marriage	Juliet get frustrated with the Nurse because Juliet is waiting for a response from the nurse if she will marry Romeo or not but the nurse was acting old and very slow. Basically the nurse wasn't getting to the point and dragging out her response and Juliet was mad because she wanted to know the answer right away.	Friar Lawrence's speech is saying that your happy now but you'll soon have a violent ending, so love at a good pace and don't go to fast. Then he said don't go to fast but don't go way to slow. This is foreshadowing what will happen because at the end we know Romeo and Juliet die so it is foreshadowing that they went to fast in marriage and led to their deaths.	10/13
13	Prince	Romeo appears gloomy at the beginning of Act 1 because he is in love with this girl named Rosaline. Although Romeo loves her, she doesn't love him back. Since she doesn't love him he had become sad and not been his usual self.	Capulet	Juliet	Juliet means that she will examine Paris and will try to find something she likes about him. She will try to see if Paris is worth her love.	Romeo is saying that he had a dream that said something at this party will lead to his down fall. But he will go any way because he wants to make his friends happy. Romeo still didn't want to go to the party.	Capulet to Tybult	a glove	Juliet is saying that the only person she ever learned to love was one of her enemies. (She learned to love Romeo who is the son of Montague making him her enemy). She didn't know who he was but she had fallen in love with him early on. But, once she found out his true identity it was to late to turn back because she had fallen in love with him.	The significance is that Friar Lawrence told Romeo to take things slowly and get to know each other. because when people fall in love with each other quickly could run into problems fast. This quote is foreshadowing that something bad will happen between the two of them, because they didn't take things slow. It is showing that Romeo and Juliet may have had a chance to change their fate if they listened to his advice, but they didn't. So, them not listening to Friar's advice, was one of the causes of their down fall.	to find out the plan for Romeo and Juliet's marriage	Juliet gets frustrated with the nurse because she wanted to know the information about her wedding but the nurse was taking a long time to tell her. The nurse kept talking about how tired and sore she was. Juliet just wanted to know where her wedding was taking place, what time, and if they could even get married.	The significance is that it is showing how Romeo and Juliet's ignorance effected their fate. If they took the time to get to know each other and took things slow their fate may have not been the same. Since they fell in love with each other so fast their fate was determined because they loved each other so violently. Since they loved so violently their downfall would be violent.	12/13

20	Benvolio	Romeo Appears to be gloomy in scene one because he is in love with Rosaline and he cant get his mind off of her. Romeo is saying that it is not to early for them to get married. that they should do it sooner that later.	Romeo to Mercutio	she is unsure that she should get married so early and that they should wait.	a glove	It is significant because he says maybe it is better to wait and to think about it more than just to get married so quickly.	to find out the plan for Romeo and Juliet's marriage	Because she keeps talking to romeo about there marriage which embarrasses her.	The speech that Friar Lawrence says to romeo an Juliet foreshadows the play because they take things super fast and how this relates to the play.	7/13
14	Prince	Romeo appears gloomy in the beginning of Act 1 because he loves a girl named Rosaline, who doesn't love him back.	Capulet	Juliet	She means that she'll look at Paris at the party to see if she likes the way he moves, acts and talks. She's says this because her mother wants her to marry Paris, and Juliet wants to respect her mothers opinion but she doesn't know she like Paris until she sees him.	He says that he fears that it's too early for him to love a girl this quick. He feels like his mind misgives information that is wrong about something that is dangerous. He also feels like the consequence for loving Juliet is too high, he could be killed by the Capulet guards if he's caught. He also feels bitter, or not good on this fearful date of time.	Romeo to Benvolio	Juliet is saying that the only person she truly loves is Romeo, and since Romeo is a Montague, she must hate him. She knows that their families are warring, and they should hate each other. She feels like she found out too early that he was a Montague, and that it's too late to change her knowledge about him.	None of the Above	Friar Lawrence says that Romeo should go slower in life and he will end up more wise. He also says that the people who take things too fast usually stumble, or fail in life.	to find out the plan for Romeo and Juliet's marriage	In Act 2, scene 5, Juliet gets frustrated with the Nurse because she wont tell Juliet the plan about the marriage. The Nurse acts dramatic about her leg and she is just wanting of Juliet's attention.	Friar Lawrence's speech about Romeo and Juliet's marriage foreshadows their tragic doom at the end. "These violent delights have violent ends" this shows that their lovely marriage with have a violent end.	10/13
